## REALLY! LET'S TALK!

YOU SEE, WHEN IT COMES TO BUILDING WEBSITES, COMMUNICATION WITH YOUR CLIENT (AND THOSE INVOLVED IN YOUR WEB DEVELOPMENT PROJECT) IS A VERY POWERFUL WAY TO DEVELOP THE PERFECT WEBSITE. BE IT POWERED BY WORDPRESS, TUMBLR, OR SIMPLY JUST A PLAIN WEBSITE HANDCRAFTED USING HTML, CSS, AND JAVASCRIPT, THERE'S NOTHING MORE EFFECTIVE OR ENGAGING THAN CONSTANT COMMUNICATION WITH YOUR VALUABLE CLIENTS (AND YOUR AWESOME TEAM MEMBERS IF APPLICABLE).

#1 - WE TALK TO LEARN MORE ABOUT THE CLIENT (PERSON OR BUSINESS), GATHER INFO ABOUT THEM, AND THE DETAILS AND EXAMPLES OF THEIR IDEAL WEBSITE.

#2 - WE TALK AGAIN AFTER I BUILD A SAMPLE PROTOTYPE OF WHAT THE SITE WOULD LOOK LIKE LAYOUT AND DESIGN-WISE. THEN WE SIMPLY JUST GO FROM THERE.

#3 - I DEVELOP A LIVE-VERSION OF THE PROTOTYPE IN A LOCAL MACHINE OR A STAGING LOCATION SO THE CLIENT WOULD BE ABLE TO SEE HOW IT LOOKS LIKE SO FAR. YEP, MORE TALKING.

#4 - WITH MORE TALKING AND MORE TESTING AND UPGRADES, WE FINALLY GET TO THE FINAL PRODUCT. AND THEN, MORE TALKING WHEN WE CLEAN UP THE BOO-BOOS THAT WE MAY COME ACROSS.

#5 - EVEN THOUGH THE PROJECT IS FINALLY FINISHED AND IS NOW LAUNCHED TO THE WEB, THE TALKING CONTINUES. AT THIS TIME, A BRAND-NEW RELATIONSHIP HAS ALSO BEEN DEVELOPED AT THE SAME TIME. THERE'S ALSO GOING TO BE TALKS OF FUTURE PROJECTS, SITE MAINTENANCE, AND POTENTIAL HOOKUPS FOR NEXT PROJECTS.

## SO... SHALL WE TALK?
